### LETTER OF APPRECIATION

We were facing a long term moisture problem in our compressed air lines. Shri. Deepak Chandiramani of Delta Filters & Separators Pvt. Ltd. studied the issue and recommended that we install a DELTA Moisture Separator. We are happy to note that the Separator is working well and is providing an effective solution for the moisture problem. We would strongly recommend DELTA Moisture Separators for applications involving compressed air.

Best Regards,

S.G. ADHIKARI
